website: sullivan.mo.us

Name:

Address:

City, State, Zip:

Location of Hose Bib:

I request a deduction on my sewer bill for water which is used but does not enter the sanitary sewer system. The period which this service is available is April 1 through October 1 which are the usage months April through September as read by the City. Sewer charges will be determined on the difference between the water meter reading (usage) and the deduct meter reading (usage).

I understand that to remain in good standing that my utility bill must be paid on time in accordance with Section 700.040 City Code.

I understand the deduct meter as authorized under provisions of Section 715.050 City Code is my responsibility to purchase and maintain and is subject to review by the City to insure that waters passing through the meter are eligible for discharge to some point other than the sanitary sewer.

I further understand the meter must be located where designated and approved and that should the meter be installed at said location or has been used other than designated, I may be suspended from the deduct metering program and will not be eligible for further credit.
